Industrial Hose

Food Industry & Cleaning

Advantages:

- A hose specially designed for dairies, canneries, fish markets, etc.
- Highly flexible
- A non-staining cover compound
- Resistant to animal and vegetable fats
- International approvals

Applications:

- Steam cleaning at temperatures up to +165°C and hot water washing in food processing plants
- Transfer of hot liquid foodstuffs
- Suitable for reel-mounted applications

Working Temperature:
-20°C to +100°C

Maximum Working Pressure:
20 bar

68121

Biovast Steam Cleaning Hose, 20 Metres

0523	ID mm	OD mm	mm	£
BBV13	13	23	65	302.95
BBV19	19	31	100	437.90
BBV25	25	37	125	603.25

Advantages:

- Very flexible
- Non-marking cover
- Food-grade quality white inner tube, oil resistant
- Branding over red stripe for easy and quick identification

Applications:

- High pressure cleaning, specifically for food industries
- Can also be used for transfer of any liquid foodstuffs

Working Temperature:
-20°C to +100°C

Maximum Working Pressure:
60 bar

68122

Bioclean, FDA Approved, Medium Pressure Wash Down Hose, 20 Metres

0523	ID mm	OD mm	mm	£
BTBC9.5	9.5	18	60	428.00
BTBC13	12.7	22	70	319.50

Advantages:

- Crush resistant hose with a non-staining, wear and weather resistant smooth cover
 - Antimicrobial protection; prevents odour, stains, degradation and breakdown from bacterial attacks
 - Highly flexible and kink resistant even at high temperatures
 - Long service life
 - Oil and detergent resistant
- Applications:
- Specifically designed for professional and industrial high-pressure cleaning in the food industry
 - Antimicrobial; suitable for all environments where bacteria are a concern
 - Ideal for reel-mounted applications

Working Temperature:
-40°C to +120°C

Maximum Working Pressure:
200 bar
