

Ezyklik-P Plastic Hose Clamp

Ezyklik™ -P (plastic) is specifically designed for hose clamping applications where space is restricted. The unique design of the patent-pending Ezyklik™ -P ensures strong, fast and reliable clamping with a low profile design and fully corrosion-resistant materials.

Herbie Clip Plastic Hose Clamp

Herbie Clip™ is the original double grip plastic hose clip. It is a quick and easy-to-install nylon hose clamp with exceptional strength arising from its unique double row of interlocking toothed jaws. The double row of teeth offers over twice the clamping force achieved by similar products with only a single row of teeth. No other nylon hose clamps can rival the Herbie Clip in terms of overall strength and performance.
