

# Paint & Surface Preparation

## Aqua Temporary Marking Paints

0229			£
32052-AA	500	Fluorescent Blue	8.80
32050-AA	500	White	8.80

- Temporary survey/spot marking paint for use on almost any surface
- Water based formulation that replaces 35% of the solvents and substitutes the rest for IPA a "gentle" solvent
- 360° spray system
- No Purge valve to eliminate waste

Tech Sheet 20724

## Acrylic Paints

Ambersil Acrylic Paint is a high quality paint designed for use in a wide variety of industrial, automotive and home and garden applications. It is also recommended as a protecting paint for repairs on all kinds of lacquered surfaces, or where a colour matched anti-corrosion finish is required. When combined with Ambersil Cold Galvanize as a base coat, superior and long lasting anti-corrosion protection is achieved even when the surface is damaged.

- Fast drying
- Good hardening and resistance to wear
- Excellent flexibility
- High UV resistance once dry
- Good adhesion to metal, wood, glass, paintable plastics, concrete and stone
- Excellent coverage and opacity
