Vacuum Ejectors

- Energy saving
- Compact design

Working Temperature:
+5°C to +60°C
No Freezing

Vacuum Ejectors

- Available in both standard and low vacuum pressure options
- Threaded port or One Touch Push-in ports

- Box or in-line design
- Built-in silencer with box design
- Compact

- Choice of 7 nozzle sizes
- Lightweight
- Mounting holes for easy fixing on machinery
