

Needle Valve, Foot Mounted, Tube x Tube, Imperial

Wade

Features & Benefits

- In-line configuration
- Enables connection of two tubes of the same outside diameter
- A simple needle valve of brass construction (with the exception of the handle and nitrile O-rings)
- The design of the valve spindle enables control of the flow medium
- The design incorporates a 'foot plate' with two countersunk holes allowing the valve to be mounted securely against a floor, wall or panel
- Designed for low pressure hydraulic and pneumatic applications
- Maximum working pressure: 100 psi / 6.8 bar
- Working temperature range: -40°C to +135°C
